*On the back of the picture was written:  
'To Harston Village Hall, with happy  
memories from E H Barker,  
Button End, May 1980'*

*Kindly donated to HVH by Mr Robert  
Arbon, the last private custodian.*

*This picture is entitled, presumably by its painter, "Garden party, Harston House, 1904" and is by Miss Mary Charlotte Greene, who lived there with her unmarried brother, Sir Graham Greene, and sister, Miss Helen Greene, from about 1900 to 1950. An inscription on the back of the picture states that this is the meeting of Mrs Smith, owner of the Old Vicarage at Grantchester, with little Benjamin Greene. The baby in arms was probably Raymond Greene, elder brother of Graham Greene the writer, who was born in 1904 and thus would have been the wrong size.*

*The picture was acquired by Dr and Mrs Terence Armstrong at auction in Cambridge on 14 September 1995 for £410. They had lived there since 1953.*
